

FY2022 Research Fellowship for Young Scientists of JSPS
Application guideline for (PD, DC, RPD)

1. Flow of application procedures

Please refer to Exhibit1 "Flowchart for Application Procedures".

2. Issuance of ID and password for applicants for the use of "JSPS Electronic Application System".

(1)Application Method

After organizing the applicants at the school/institute administrator, please submit Exhibit 2 "Application for Registration of Applicant Information" via email.

(2)Application period

At any time after the date of this notice

* In order to meet the deadline for submission of applications for each application category of each school/institute and this Division, you are requested to set a deadline for compilation within your organization as appropriate.

(3)Issuance date

The issuance will be made on the business day following the date of receipt of the application form as a target.

For the application for DCs and PDs received in March, we will issue them on and after April 1 sequentially.

(4)Submission to

Research Administration Section, Research Promotion Division, Research Promotion Department
(kenkyo@grp.tohoku.ac.jp)

(5)Note

If you have already received an ID and password at the time of your previous application, you will need to receive a new ID and password for the recruitment of this time.

Please note that if you have already obtained an ID and password to apply for FY2022 Overseas Research Fellowship, you do not need to apply for an ID and password as they can be used in common.

*RPDs will be able to access the electronic application system using the ID and password for applicants in mid-March, and PDs and DCs in early April.

3. Points to be noted when preparing the application form

The school/institute administrator is requested to inform the applicant of the following information.

(1) When preparing the application form, please carefully check the "Application Guidelines" and "Application Form Preparation Guidelines" on the JSPS website and make sure that the information is correct.

In addition, we are planning to distribute the "Checklist for Preparing Application Forms for

Research Fellowship for Young Scientists" and "Tips to Considerably Boost Your Chance of Becoming a Fellow under the JSPS Research Fellowship for Young Scientists" at a later date, so please make use of them as well.

(2) Please ask your supervisor to check the contents of your application in advance.

4. Documents to be submitted and submission deadline

(1) Applicants

Please submit (transmit) the application form (PDF) via the JSPS Electronic Application System.

* The deadline for submission (transmission) should be set separately by the organizing divisions listed in 5 below.

(2) School/institute administrator

Please confirm that the application status of each applicant is set to "Accepting Applications" in the application information management menu of the Electronic Application System by the submission deadline, and submit the required documents listed below to the Research Administration Section of the Research Promotion Division in the Research Promotion Department by the submission deadline, using the google form.

(3) Submission to (google form)

<https://forms.gle/LpFihSmzmudCTkE3A>

Documents to be submitted	Number of copies to be submitted	Submission deadline
Exhibit 3 "FY2022 Submission of Application for JSPS Research Fellowship for Young Scientist"	RPD: one copy PR, DC: one copy	RPD: Monday, April 26, 2021 PD, DC: Thursday, May 27, 2021

* From the perspective of ensuring sufficient time for applicants to prepare their applications and simplifying administrative work, we have eliminated the need for applicants to submit (transmit) their application sets (applicant information and application content files) in paper. We would like to ask each school/institute to understand the purpose of the project and to make every effort to ensure that applicants have sufficient time to prepare their applications.

5. Organizing divisions

Please complete the application procedures through the school/institute to which the host researcher after adoption belong.

If you are applying for DC1 and you are planning to engage in research at another institution, please complete the application procedures through the school/institute to which your current research supervisor belongs.
